

Andronis
Arcadia

Overview

Arcadia Hotel is the newest addition to the Andronis Exclusive family of five-star hotels, villas and honeymoon retreats on the idyllic island of Santorini.

Named after the mythical home of the god Pan, Arcadia was a place of natural harmony and pastoral enchantment. This earthly Arcadia is located on the fringe of picturesque Oia, an easy stroll from the village centre, but far enough away to ensure peace and privacy.

The all-suite hotel offers guests the highest standards of comfort and elegant living space, in keeping with the Andronis Exclusive reputation for excellence and personal service.

Every suite has its own pool, situated to capture the magical views towards the island's unforgettable sunsets.

Opson Restaurant

Opson Restaurant brings you a unique new dining experience – cuisine inspired by the tastes and ingredients of classical Greece. Our head chef Stefanos Kolimadis, in consultation with the classical scholar Jerolyn Morisson, has created a tasting menu based on the dishes enjoyed by ancient Greeks such as Aristotle, Plato and Omiros.

Using fresh vegetables from our own kitchen garden and locally sourced delicacies, our head chef combines contemporary cuisine with the flavours of an ancient time, bringing together the best Greek food with dishes known and loved by our legendary forefathers.

Refreshing

Pacman

Pacman is an elegant space that offers a wide array of food and drink options. These culinary gems satisfy all the senses. There's also an enticing sushi menu packed with Asian and fusion temptations. And, once you're done with your meal, stick around to indulge in one of our exquisite signature cocktails at a fun environment with cool party vibes and a magical sunset ambiance.
