WELLNESS
& SPA
NEWS

A hidden, hilltop wellness escape set on one of the highest points of Santorini, Andronis Concept blends seamlessly into the hillside and resultantly offers the utmost of privacy — it's no wonder several Hollywood A-listers visit every summer. Each suite has an ocean-facing infinity pool, with breathtaking sunsets and sunrises when the sky turns shades of pink. A hiking path runs parallel to the property and wellness experts offer daily hikes, yoga, tennis, personal training, nutritionist approved Greek cookery lessons.

CBD TREATMENT IN PARTNERSHIP WITH NATURAL & ORGANIC SKINCARE BRAND ILA

To mark the reopening of wellness and spa across Andronis' spas, the wellness team have developed a unique CBD treatment in partnership with Natural & Organic Skin Care brand, ila. Named "Renew & Restart" this full body treatment begins with a honey and Himalayan sea salt body scrub to gently exfoliate and rejuvenate your skin. It is followed by a full body relaxing massage to refresh and renew using iced cubes of olive oil for its antioxidant properties. They are also infused with essential oils of rosemary and lavender to calm your senses, and ensure the softest, smoothest skin. A main element of the treatment is a blissful neck and shoulder massage with ila's CBD concentrate balm, a potent combination of CBD and Copaiba Oil (which are known to alleviate inflammation and numb pain caused by trauma) - to help reduce pain and melt away any tensions. Other ingredients in ila's CBD balm including St. John's Wort helps to calm nerve pain and repair damaged skin, including minor burns, irritation and redness.

CBD Renew & Restart by Ila (120 minutes / €250pp)
