

LUXURY HOLIDAYS

The best infinity pools in the world

From Singapore to the Serengeti, Mexico to the Maldives, these are the hotels with the most show-stopping infinity pools

There are many factors that make a luxury hotel stand out, from Michelin-starred restaurants to considered design and whether there's a serious spa for pampering. But surely one of the most important considerations of all is the pool — something that the hotels here have all nailed (at some places, the villas come with their own private infinity pools too). Whether ideal for meditative morning laps, gazing out at panoramic views of the sea or city skyline, or at the heart of a buzzing bar scene, these dreamy infinity pools are the major draw.

Andronis Arcadia

7. Andronis Arcadia, Santorini

Best for a pool scene

On the outskirts of pretty Oia, [Santorini](#), this outpost from the Andronis hotel group feels like a world away from the tourist-thronged streets nearby. Floating day beds and a resident DJ lend the infinity pool a beach-club vibe while every boho-chic suite and villa has sunset sea views. There's also an Ila spa and two restaurants to choose from: poolside Pacman, for sushi and mezze platters, and Opson, where the Greek tasting menu is based on dishes enjoyed by philosophers such as Aristotle and Plato using fresh produce from the kitchen garden.
