July 18, 2023

The **Greek Islands** never go out of style, but 2023 is set to see them return to their glory as one of the most beloved **summer holiday destinations** in the world. If it has been a minute since you've enjoyed a slice of island life, then you're in for a treat. New stays, from world-class resorts to boutique hideaways, are ready to welcome guests with open arms, sweeping azure views and the freshest of seafood. Some are **adult-only havens** ideal for that postponed honeymoon, others are designed with **families in mind** with spacious suites and entertaining kid's clubs. Whatever your style, there's certainly no shortage of choice. To steer you in the right direction, Condé Nast Traveler's UK editors have handpicked their favorite hotels on the Greek Islands.

# How we choose the best Greek Island hotels

Every hotel on this list has been selected independently by our editors and written by a *Condé Nast Traveler* journalist who knows the destination and has stayed at that property. When choosing hotels, our editors consider both luxury properties and boutique and lesser-known boltholes that offer an authentic and insider experience of a destination. We're always looking for beautiful design, a great location and warm service—as well as serious sustainability credentials. We update this list regularly as new Greek Island hotels open and existing ones evolve.

**Andronis Arcadia, Santorini**

## **The best spot for a sundowner**

Low-slung whitewashed villas tumbling down to the sea provide bags of space here. On an island that's usually packed to the brim with honeymooners and sunset seekers, each villa has its own private balcony and pool facing the ocean—which means you can lap up Santorini's beautiful scenery without another person in sight. There's a beach club-style pool and bar, and a very clever spa, too.
