As T. S. Eliot once said, “Love is the greatest adventure.” And for those of us lucky enough to find our better half, marriage is just the beginning of what great poets like Eliot often referred to as the adventure of a lifetime. After you’ve tied the knot with your special someone, finding the perfect honeymoon destination to suit your post-marital bliss needs is crucial in embarking on that new chapter with your special someone. As your love story continues, leave the stressful wedding planning behind and allow our team of expert travel agents weigh in on some of their tried and tested honeymoon destination recommendations for 2023.

Whether you only have enough PTO for a mini-moon or opt to explore multiple destinations over the span of a few weeks, saying “I Do” to the perfect location doesn’t have to be such a big to-do. From thrill-seeking adventures to lackadaisical luxury retreats, these are the trending honeymoon destinations for love, laughter, and happily ever after.

Santorini

Rich in history, culture, Mediterranean food, and warm-hued sunsets, nothing says romantic like the beautiful island of Santorini. Perched on a cliff, spending your honeymoon in the Greek Isles shacking up in a cave hotel, lounging by the infinity pool, and roaming through the local tavernas to feast on the fresh catch of the day is what exploring this destination is all about. Check into the honeymoon suite at the Andronis and indulge in the suite’s indoor cave pool or opt for the private terrace jacuzzi — perfect for unparalleled views of the volcano, the Aegean Sea, and that magical Santorini sunset.
