DESCRIPTION of the CLASSES

TAPPING & BREATHING SESSION

Tapping, also known as Emotional Freedom Technique (EFT), combined with breathing techniques is a powerful method for releasing stress, anxiety, and emotional blockages. Together, tapping and breathing create a calming, mindful experience that encourages emotional release, balance, and overall well-being.

YIN YOGA

Yin Yoga is a slow-paced practice emphasizes long-held poses that target deep connective tissues, enhancing flexibility, joint health, and inner calm. It encourages mindfulness and stress relief, fostering balance and inner peace for both body and mind.

MANIFESTATION RITUAL

This ritual uses the soothing power of water to help clear the mind and set intentions for personal growth. Performed in a tranquil, serene setting, it combines gentle movement, breathwork, and mindful meditation, allowing you to release negativity and cultivate a sense of clarity and purpose.

MORNING YOGA FLOW

Start your day with Sun Salutations (Surya Namaskar), a dynamic sequence of yoga poses designed to honor the sun and awaken your body. This energizing flow links breath with movement, gently warming up the body while improving circulation, flexibility and strength. Perfect for setting a mindful, balanced tone for the day ahead.
